

## RENTZSCH'S FUR OPENING

Wednesday, November 2

Y. M. C. A. HUNGARIAN-ENGLISH CLASS

THE heterogeneous foreign population that lines the shores of Lake Erie from one end of Ohio to another has presented a peculiar social problem because of the difficulty the Hungarians, Finns, Italians, Magyars and others of their kind have with the English language. Under the inspiration of the State Committee of the Y. M. C. A., local branches of that organization have undertaken the task of instructing these peoples in the English language, having perfected a system whereby 30 lessons give a reading and speaking knowledge of English. The practical value of this is that an ability to talk and understand English increases the earning power of these men. To meet the exigencies of the cases, the State Committee was obliged to provide a number of interpreters. The picture shows one of these classes gathered together in a room provided through the Y. M. C. A.

## WEEK OF Y. M. C. A. HISTORY IN OHIO

Bellevue is a little city of about 7,000 people, with a flourishing Y. M. C. A. A few days since a group of enthusiastic members got together and within three days they had put the enrollment up to 771—the largest membership of any Y. M. C. A. in the country for a town of that size.

On the night of the 11th of October, Mr. S. P. Penn, President of the Cleveland Association and a member of the State Committee, with the State Secretary, met with the directors of the Chamber of Commerce of Elyria. The Secretary of the Chamber of Commerce had previously secured the signatures of a thousand men of Elyria for membership in the proposed new Y. M. C. A. That means that one man of every five in the community signed up. It was unanimously decided to start as soon as possible a campaign for \$100,000 with which to start a modern Y. M. C. A. The State Committee has been asked to assist in engineering this campaign.

On the evening of the 12th, the Board of Directors of the Marion Y. M. C. A. voted to start a campaign December 1st to provide for re-modeling of their building and current expenses for two years ahead. This campaign will be led by the State Committee's campaign engineer, Mr. J. D. Van Scoten, who has led with such remarkable success seven similar campaigns in Ohio. The amount to be raised will probably be at least \$40,000.

On October 13th, the Lima Association's Board of Directors unanimously voted to equip a new plant to take the place of their present entirely inadequate quarters. This campaign will also be conducted by Mr. Van Scoten a few months hence. It is probable that the old building will be sold and a campaign for \$100,000 inaugurated.

On Friday, the 14th, the State Committee's headquarters at Columbus received word from a representative committee of citizens of Alliance, that their prosperous community must have a Y. M. C. A. soon. They already have \$2,000 in bank and they ask the assistance of the State Committee in organizing a building campaign this winter.

By the same mail, a letter comes from one of the leading pastors of Shelby asking for an investigation of the need of a Y. M. C. A. in their flourishing little city of 6,000. An Association Sunday will be conducted November 13th, with the help of the State Committee, after which an investigation will be made with a view to helping them secure a Y. M. C. A.

Postoria has just decided that they must have the help of the State Com-

mittee in a \$85,000 building campaign in the spring—\$15,000 is already in sight.

Saturday noon marked the opening of the \$150,000 building campaign at Hamilton. The first three gifts announced were two at \$10,000 each and \$1,000 from a little girl. Within ten days Hamilton will have a fund with which to put up a Y. M. C. A. building adequate to the very large industrial needs of that city.

These are some of the developments of a single week in Ohio's Greatest Industry.

## DO YOU THINK ORGANIZA- TION PAYS?

Here is what the Y. M. C. A.'s of Ohio have been able to accomplish in securing funds through ORGANIZED campaigns during the last two years:

Cleveland	\$547,000
Dayton	188,000
Akron	77,500
Ashtabula	68,000
Toledo	60,500
Washington C. H.	42,000
Mansfield	40,000
Columbus	36,500
Marietta	26,500
Ashland	19,000
Canton	18,500
Lorain	17,500
Bucyrus	17,400
Lorain	17,000
Findlay	15,300
Newark	12,000
Piqua	10,200
Bowling Green	8,400
Miscellaneous	14,000
<b>Total</b>	<b>\$1,258,800</b>

## Without Organization.

In the first 19 years 159 Y. M. C. A.'s were organized; 155 died. From 1887 to 1899—37 Associations started in rented quarters and 39 have died.

Under the State Executive Committee no Association is organized until it is able to own its own home.

The Associations of Ohio own property valued at \$4,246,400.

## DOES ORGANIZATION PAY?

## BOYS' STATE CONFERENCE

Arrangements are practically complete for the Boys' State Conference of Y. M. C. A.'s, which will be held at Newark, November 25, 26 and 27. It is estimated that there will be 400 boys in attendance. They will consider the various problems of the boys' departments. Most of the papers will be given by the boys.

## NO BID ON BONDS OF NEW ORLEANS

City Unable to Obtain Funds For  
Proposed Improvements.

## MUCH DISAPPOINTMENT FELT

Municipal Betterments to Cost Seven Million Dollars Likely to Be Held Up Indefinitely—Looks as Though the Crescent City Was Hardly in a Position to Finance a World's Exposition.

New Orleans has no bidders for her \$7,000,000 of sewerage bonds and water bonds and it looks as though her greatest project for municipal improvement would be held up indefinitely through lack of funds to prosecute the work. It would seem as though New Orleans was hardly in a position to finance a World's exposition, even with the aid of the state of Louisiana, when her local bankers refuse to purchase her bonds on their own terms.

This financial predicament of San Francisco's rival for exposition honors is told in the following press dispatch from the Crescent City: "New Orleans, La., Oct. 4.—Despite several months of negotiation through the Hibernal Bank and Trust company, and in spite of a special act of the last legislature to facilitate the financial negotiations, when the city board of liquidation met at noon today there was no bid for the \$7,000,000 improvement bonds by which the great sewerage and water project of this city was to have been completed.

"Much disappointment is felt at the failure of the bonds to sell, as this great municipal project may be seriously delayed. Mayor Behrman and City Attorney I. D. Moore both issued statements tonight explaining the reasons.

"About a year ago, the Interstate Bank and Trust company agreed to finance the \$7,000,000 bond issue provided it was given the benefit of being the depository of the funds collected at 2 per cent interest. The contention was raised that the bond taker could not be the depository. Then a legislative enactment was secured to make it legal for the buyer to become the local agent of the funds, but still the bonds are unsold."

## BOND INTEREST EQUALS TAX

Louisiana Exposition Securities Will Be Unpaid at End of Ten Years.

The following press dispatch, published in the New Orleans Times-Democrat, is self-explanatory:

"Crowley, La., Sept. 23.—A petition to the voters of Acadia parish is being circulated, calling upon the voters to register in order to be in a position to vote against the Panama exposition tax, Nov. 8. The petition recites that, according to the statement, the country parishes are assessed at \$204,373,526 and the city or parish of New Orleans at \$281,045,987, and that as per the present assessment the country will pay \$108,639.50 per year, or \$1,066,398 in 10 years, and New Orleans \$173,284.46 per year, or in 10 years \$1,732,844.60. It states further that the interest on these bonds will be \$280,000 per year, or just about equal to the amount of tax paid in each year, so that at the end of 10 years the state will still owe the six and one-half million dollars at 4 per cent interest; bonds, which by the act of the parish of Orleans proposes to pay. The sentiment is divided on this question of taxation, and the promoters of this petition declare that they will push it through."

## Give California Fair Deal.

There seems to be a controversy on between New Orleans and San Francisco for the World's Panama Exposition, which will be held in 1915. Both cities are claiming that they are each the most logical point for the great exposition and then they clamor about the money possibilities. While we are not inclined to mix up in this fight and injure the possibilities of either place by settling the question as to where the exposition shall be held, yet we think the west is entitled to some of the good things, and we suggest that the Sunset state be given at least a fair deal in this matter.—Gallup (N. M.) Republican.

## Will Benefit The Whole Coast.

The Napa Register says the master of the State Grange expresses the sentiments of the people living in that section when he says of the proposed Panama-Pacific exposition: "An exposition of this nature, if properly managed, can not fail to be of vast benefit, not only to California, but to the whole Pacific coast. I believe the Grange will do well to favor and encourage the movement."

## Will Pay Its Own Bills.

San Francisco boosters are going about in the most practical way to secure support for their proposed exposition. They have raised a large sum of money, more than was ever invested in an exposition in America, and propose to pay their own bills without tapping the government till. This will commend San Francisco to the public.—Omaha Bee.

## CHICHESTER PILLS

DIAMOND BRAND  
Beware of Counterfeits.  
Refuse all Substitutes.

LADIES! Ask your Druggist for CHICHESTER'S DIAMOND BRAND PILLS in Red and Gold metallic boxes, sealed with Blue Ribbon. TAKE NO OTHER. Buy of your Druggist and ask for CHICHESTER'S DIAMOND BRAND PILLS for twenty-two years regarded as Best, Safest, Always Reliable.

## To the Farmers:

We will pay you the highest market price for your Butter and Eggs and save you money on groceries.

THE PLACE, one square south of the Union Block, Main St., Celina, O.

Phone No. 237

## JUDGE THESE JUDGES

You can depend upon it that if Judge Maurice H. Donahue of New Lexington and Judge James Johnson of Springfield are elected to the bench of the supreme court of Ohio they will not spend any of their time running around about the state house, buttonholing members of the legislature or writing three-page typewritten letters to members of the legislature demanding the right to appoint two state house employees who run the elevators. These two little jobs pay \$720 each per year and would be called very small pick-ups of political patronage. Yet the august supreme court of Ohio stooped to that low level two years ago, after Harmon became governor and appointed a Democratic adjutant general, C. C. Weybrecht, who is official custodian of state house and grounds, and employed Democrats in the few positions about the state house belonging to his department.

Even the Republican legislature became so ashamed of the unseemly exhibition of petty politics engaged in by the supreme court two years ago that at the session this year the employment of elevator attendants was transferred back to the adjutant general's department.

Judges Crew and Summers, two of the judges of the supreme court which engaged in such a supreme exhibit of petty politics, are candidates for re-election.

## DISLOYAL TO TAFT

When he started out Mr. Harding declared that "Stand by Taft!" should be the slogan of his campaign.

For ten days he has not mentioned Mr. Taft's name nor defended the Payne-Aldrich tariff bill praised in his platform, because local committees told him to cut out mention of Taft and the tariff.

True to his former facility for being for and against political leaders and for getting on both sides of public questions, Mr. Harding has conveniently omitted references to Taft and the stand-pat tariff.

Can such a vacillating candidate claim the confidence of any conscientious and intelligent voter?

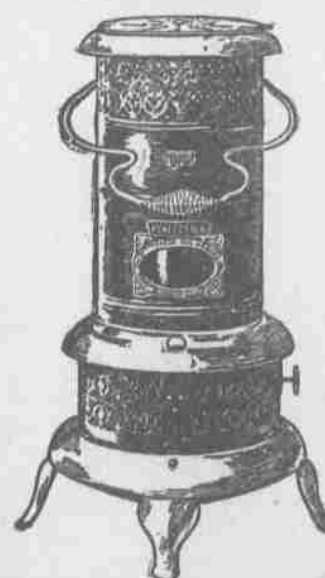

## Nature's Creation

Is for tuberculosis and weak lungs.

It is saving hundreds of your neighbors, why not you? Don't wait until it's too late. Send to-day for valuable booklet on tuberculosis. We send it post-paid, free of charge.

Address: The Nature's Creation Co., Dept. C., Columbus, Ohio.

## That Cold Room

on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

**PERFECTION**  
SMOKELESS  
OIL HEATER

Absolutely smokeless and odorless

which can be kept at full or low heat for a short or long time. Four quarts of oil will give a glowing heat for nine hours, without smoke or smell.

An indicator always shows the amount of oil in the font. Filler-cap does not screw on; but is put in like a cork in a bottle, and is attached by a chain and cannot get lost.

An automatic-locking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant. The burner body or gallery cannot become wedged, and can be unscrewed in an instant for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental. Has a cool handle.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

**The Standard Oil Company**  
(Incorporated)

## ALEC'S GREATEST GRIEF

Alexander the Great stood, bathed in tears, on the banks of the Indus, Oct. 11, 347 B. C.

"I suppose you are crying because there are no more worlds to conquer," sneered his chief press agent. "No, sir," replied the great captain with forced gaiety. "Not at all, sir; not at all. But the estimates just submitted by the chief of my engineering staff demonstrate that it will require 2,228 years to execute a flank movement on Columbus, Ohio, and by that time the professors of the Royal Academy of Graftors will have so entirely solved the problem of the absolute absorption of the bodice that there will not be enough left in the Sclero valley to furnish a Dutch lunch to the general staff."

Then he bathed his heated brow in the river and his erstwhile faithful and arrogant press agent beheld naught but the poorhouse looming in the distance as he looked in the direction of Babylon.

## San Francisco's Big Bid.

San Francisco has raised its bid for the Panama celebration to \$17,500,000. If money talks as much to the point in this matter as it does in most other affairs of life, the contest is already over. New Orleans will have to be satisfied with the Mardi Gras.—Rochester (N. Y.) Democrat-Chronicle.

## Congress Can Not Refuse.

Elbert Hubbard (Fra Elbertus) says: "The miracle of four years has taught the world a lesson. Congress and the president can not—will not—refuse the claim of San Francisco as the festival city of the Panama-Pacific exposition in 1915."

## CELINA MARKETS

The following were the quotations for grain, live stock, poultry and produce in the Celina market yesterday evening.

GRAIN.	
Wheat, per bush	90c
Corn, per bush	55c

## All Bowel Trouble

Is relieved almost instantly by using Dr. Bell's Pink Pills. It destroys disease germs and stops inflammation. Keep a bottle in the house. Sold everywhere.

## The FREE Sewing Machine

This "different" machine, this "superior" machine, this perfect master piece—the machine of your imagination which you sighed for every time the thread slipped around the spool pin of your old machine and broke, every time its shuttle wore out, every time its stitch slipped, every time its needle broke, every time your back became weary and your feet became tired, this machine with its 32 fault-removing inventions we now offer to you at your own terms as low as

**\$1.00  
A Week**

The price is so low that we promised Mr. Wm. C. Free, the inventor of this 20th Century machine that we would never publish it. You are accustomed to paying so much more for machines which are not near so good that it will be hard for you to realize that the lower priced FREE sews faster, runs lighter, is more beautiful, lasts longer and makes a more perfect stitch than the highest priced machine on the market. To appreciate the price you must first come to our store and see the quality.

Then as an evidence of the implicit faith we have in The FREE ourselves, we want you to give it a

## 30 DAYS TRIAL

right in your own home. Sew on it. Test it on all sorts of material. Then if after 30 days you are not entirely satisfied—if you are not absolutely convinced that it is the best machine you have ever sewed on—the most up-to-date—and at its low price, the biggest bargain you ever made—return the machine to us and we will refund all you have paid on it so that the trial will not cost you one cent.

We make this offer because we know that when you notice for 30 days how ornamental in beautiful French Leg design, in golden oak finish and in dainty ironing arm it is—

When you find out how convenient it is—  
—how when the machine is closed, the drawers remain locked—  
—how when you raise the lid, the head lifts automatically—the drawers unlock and the belt is free—  
—how just a touch on the Improved Heat Latch button releases the head—  
—Then after you have enjoyed all these conveniences for 30 days, you will never be satisfied to be without The Free. Come tomorrow and take The Free home with you for 30 days trial.

Keen-Kutter Store

Main Street, CELINA, OHIO

## UNRELIABLE PROMISES

If there is one thing the people of Ohio seem to take pleasure in condemning at the polls it is politicians who fail to make good their promises. The national administration promised to revise the tariff downward. The people gave it the opportunity to do so, but instead the tariff schedules were revised upward and the promise to the consumers was ignored. Few there are indeed, outside of stand-pat politicians, who will uphold this betrayal. Then right here in Ohio, Governor Harmon recommended a 10-mill tax limit. A Republican legislature forced a larger as well as an indefinite tax limit on the rate payers, ignoring the request of the executive. Now the Republican state platform recommends the 10-mill limit. Can the people of Ohio depend on that party to make good? The tax limit, if revised by a Republican legislature, like the tariff schedules, will be revised with an upward tendency. It will take more than a partisan platform declaration to fool Buckeye voters again.—Madison County Democrat.

## Give Harmon Help.

Kirtley got his third term two years ago and Watkins wants his third term now. If you can see the mistake that was made two years ago, you should not repeat it this year by voting for Governor Harmon only and expecting him to do the rest against the resistance of the old ring officials. Besides re-electing Governor Harmon, elect the other candidates on his ticket, and a Democratic legislature to help him. Make it a clean sweep this year.

## Where Harmon Stands.

Governor Harmon has been a fearless honest and competent chief executive and has demonstrated that he is big enough for the job he holds. He is the one governor who has had the courage to stand between the grafter and the taxpayer.—New Philadelphia Times.

## Harmon MADE GOOD.

A year ago Republican papers poked fun at Governor Harmon, chuckled that he had failed to make good his graft charges and cackled that there was no graft. This year the g. o. p. platform says "graft is not partisan" and "we favor making the penalty more severe." Harmon must have "made good" after all.

## Take Your Choice.

Mr. Harding is making some great promises but, with it all, he has not promised anything that Harmon has not done. Promises against deeds. Which do you prefer?

## "To Be or Not To Be"

Constantly coughing depends on whether or not you use Dr. Bell's Pink-Tar Honey. A few doses will stop that cough.

Your boy develops by reading
